INFORMATION GOVERNANCE – AN OVERVIEW

OVERVIEW

This course provides a good overall introduction to Information Governance, including a basic understanding of the principle of the Data Protection Act, the Freedom of Information Act and the Computer Misuse Act, providing advice on compliance with the Act's requirements. In addition to this the course covers the Caldicott principles and the role of the Information Guardian. This course is suitable for anyone requiring a general overview of Information Governance

This session is delivered in a day training session, 9:30 – 4:30.

NUMBER OF DELEGATES

A maximum number of 15 delegates per course.

COST

Each delegate will receive:-

- A copy of all slides and course material (Copyright Bulwark Consulting 2007)
- A certificate of attendance
- Opportunity to ask questions relating to current issues within their practice

Please contact enquires@bulwarkconsulting.com regarding the cost for this course or a course designed specifically for your organisational needs.

PREREQUISITES

No previous experience or knowledge is required.

WHO SHOULD ATTEND?

This course is suitable for anyone requiring a general understanding of the Information Governance agenda, including, Practice Manager, Data Protection Leads, Security Managers, IT & System Managers, HR Managers and Senior Receptionists.
